RE: Subscriber Notification Report, WC Docket No. 05-196

Dear Ms. Dortch:

Rock Hill Telephone Company d/b/a Comporium Communications ("Comporium") has delivered E911 notifications and warning labels to 100% of its applicable customers, but has not yet received signed notifications back from those customers. Given the number of customers who are receiving IP-enabled services, Comporium expects to receive 100% of its signed notifications on or by September 28, 2005.

However, in the event a customer fails to return an acknowledgement to Comporium before September 28, 2005, Comporium will utilize a "soft" or "warm" disconnect as described in the Enforcement Bureau's Further Guidance to Interconnected Voice Over Internet Protocol Service Providers issued August 26, 2005.

The compliance contact for Comporium's efforts regarding the *VoIP E911 Order* is,

Greg Lunsford
